Ms. Shirley Chu  
Thesis Coordinator – Software Technology Department  
De La Salle University  
2401 Taft Avenue, 1004 Manila, Philippines

Dear Ms. Shirley Chu,

Greetings!

We are 4<sup>th</sup> year B.S. Computer Science students from De La Salle University, currently taking our THSST-2. In line with this, we would like to request for your permission to have a copy of one of the thesis documents submitted to your department because we would like to use it as a reference for making our thesis. We would like to specifically have a copy of the thesis document entitled, “NormAPI: An API for Normalizing Filipino Shortcut Texts”, submitted by Nicco Nocon and his team this 2014.

We hope for your immediate response on this.

Thank you very much.

Very truly yours,
